

something.h

stdio.h

stack.h

```
graph BT; stack.h --> something.h; stack.h --> stdio.h
```

The diagram illustrates a header file dependency. At the bottom, a black box labeled 'stack.h' has two blue arrows pointing upwards. One arrow points to a box labeled 'something.h' on the left, and the other points to a box labeled 'stdio.h' on the right. The boxes for 'something.h' and 'stdio.h' have a light gray border, while the box for 'stack.h' is solid black.
